

**CITY OF LOS ALAMITOS
MEMBER OF THE CITY COUNCIL**

CATHERINE A. DRISCOLL

AGE: 34

OCCUPATION: Defense Legal Secretary

I am running to be your representative on the Los Alamitos City Council. Less than a year ago, I was primarily concerned with being a mother and wife. However, when I saw the quality of life and safety of my family and neighbors here in Los Alamitos Being threatened, I had to do something.

I started a campaign to protect our family values. Concerned citizens came forward and together we were able to create change in the development which threatened our quality of life and safety. As a result, I helped establish the Neighborhood Action Committee - Los Alamitos, a central point where people can be heard and share their concerns openly and transparently.

I am running because I want to do as a public servant what I have been doing as a private citizen. I want to make certain that Los Alamitos as a city protects our common family values, maintains our quality of life, secures our safety, and has an open and transparent government. I want to preserve the quality of life for all of our citizens especially our children.

I thank you for your consideration, and your vote.
